## REDEFINING INDUSTRY STANDARDS

At Titus Global Tech, we pride ourselves on crafting solutions that are not merely a step ahead but a leap beyond the current market offerings. With over 50 years of combined experience, our elite team of professionals consistently exceeds traditional standards, transforming complex challenges into seamless, game-changing solutions across global sectors. This depth of experience equips us to deliver an unrivaled quality of service that sets new benchmarks in professionalism and efficiency, making us the gold standard in the industry.

## WORLD-CLASS QUALITY, COMPETITIVE RATES

Imagine a world where cost-effectiveness doesn't compromise quality. Titus Global Tech strategically taps into a rich talent pool across Southeast Asia, enabling us to deliver world-class solutions at competitive rates. This unique blend of top-tier expertise and regional advantage ensures you receive exceptional value, tailored precisely to your business needs.

**OUR SERVICES FROM SOFTWARE SOLUTIONS TO ON-SITE SUPPORT, REACH CLIENTS GLOBALLY, ENRICHING BUSINESSES ACROSS SOUTHEAST ASIA AND BEYOND.**

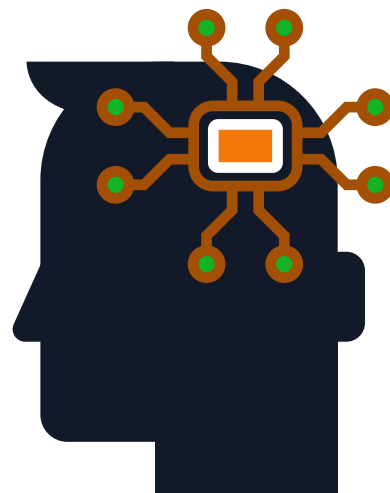

# UNLEASHING INNOVATION: YOUR CATALYST FOR SUCCESS

When you partner with Titus Global Tech, you're not just integrating advanced technology—you're aligning with a future-focused strategy that transforms your immediate needs into long-term success stories.

We are dedicated to pioneering solutions that not only address your current challenges but also strategically position your business for future growth and dominance in your industry.

Our services span a comprehensive range, including cutting-edge software solutions, on-site support, and online technical assistance for commodity handling across Southeast Asia and beyond.

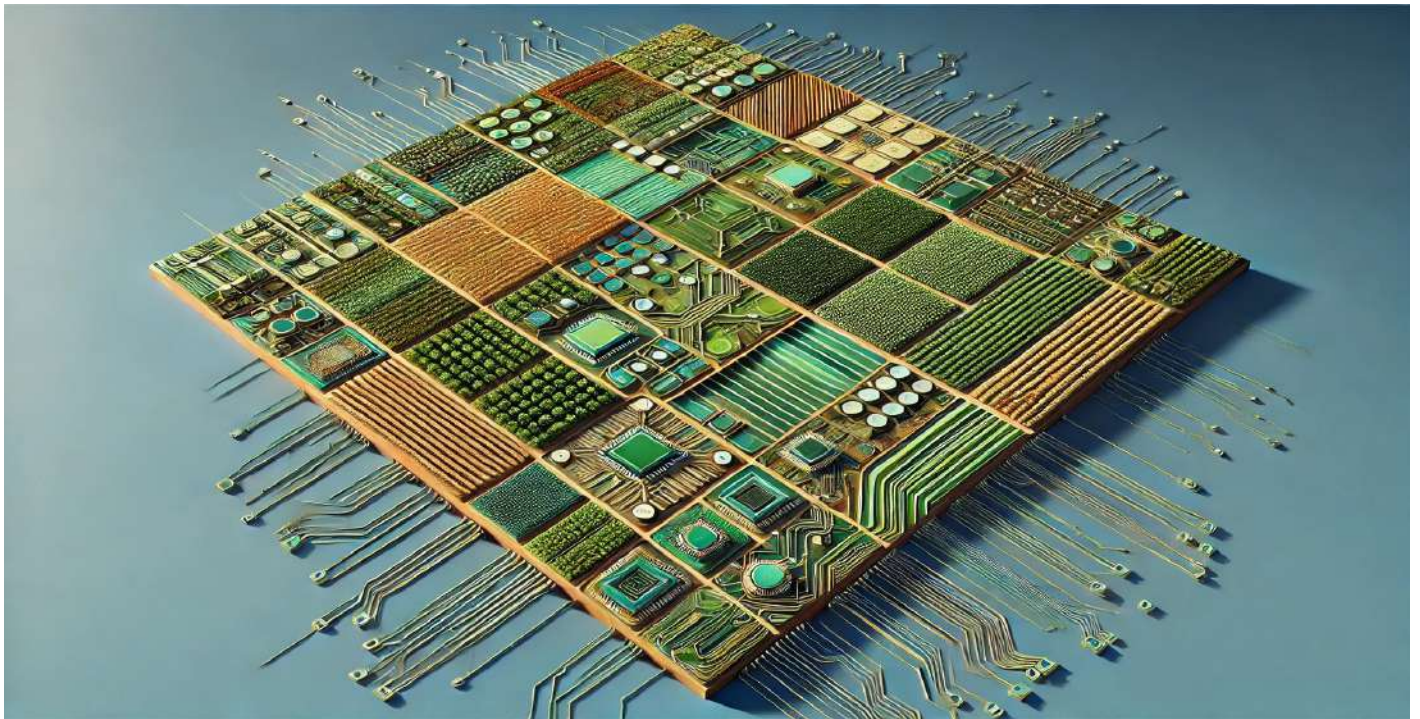

With a global presence that includes satisfied clients in Bangladesh, Europe, Indonesia, Korea, Switzerland, Thailand, Vietnam, and the Philippines, we extend our expertise to Australian enterprises, enriching our suite of business services.

# DISRUPTING NORMS: THE TITUS GLOBAL TECH REVOLUTION

In the manufacturing sector, we excel by providing advanced solutions at both the MES (Manufacturing Execution Systems) and ERP (Enterprise Resource Planning) levels.

Our in-house developed solutions are not just alternatives—they are disruptive forces that have medium to large enterprises rethinking their reliance on industry giants like SAP, Oracle, and Microsoft Dynamics. With Titus Global Tech, you experience superior functionality and efficiency at a fraction of the cost, redefining what's possible in your industry.

## A LEGACY OF EXPERTISE AND PRESTIGIOUS PARTNERSHIPS

Titus Global Tech was born from the vision of control systems engineers and software developers, amassing over three decades of expertise in Australian and international markets, including grain/bulk handling, manufacturing, finance, and mining.

Our relentless commitment to innovation and service excellence has forged a prestigious partnership with global software leader EKA. This alliance enhances our ability to deliver comprehensive implementation and support services throughout Southeast Asia, with an expansion plan targeting EKA's Australian client base.

# STRATEGICALLY POSITIONED FOR UNRIVALED EXCELLENCE

Our headquarters in the Clark Freeport Zone in Pampanga, Luzon, located just 100 km north of Manila in the Philippines, provides us with a strategic advantage. This thriving hub for technology and service-based enterprises offers access to a rich talent pool, brimming with diverse expertise and experience.

Our location empowers us to recruit exceptionally skilled professionals who seamlessly integrate into our innovative solutions and high-quality services, becoming productive members of the Titus team with remarkable agility.

## THE TITUS Global Tech PROMISE

Choosing Titus Global Tech means forging a partnership with a company dedicated to redefining your business success.

We combine a deep understanding of your industry with a strategic regional presence and a commitment to innovative excellence, ensuring that we deliver tailored solutions that not only meet but exceed your expectations.

Imagine your business not just keeping pace with the competition but setting the standard.

With Titus Global Tech, you're not just investing in a service—you're embracing a partnership that is resolutely committed to your ongoing success.

Welcome to Titus Global Tech, where your business's future is crafted with precision, innovation, and an unwavering dedication to excellence.

Join us and witness the transformation of your business landscape, where the boundaries of possibility are continually redefined, and success is not just achieved—it is engineered by design.

Let Titus Global Tech be the catalyst for your next leap forward, delivering solutions that are as visionary as they are impactful.

Your journey to unparalleled success starts here, with the industry leader that is Titus Global Tech.

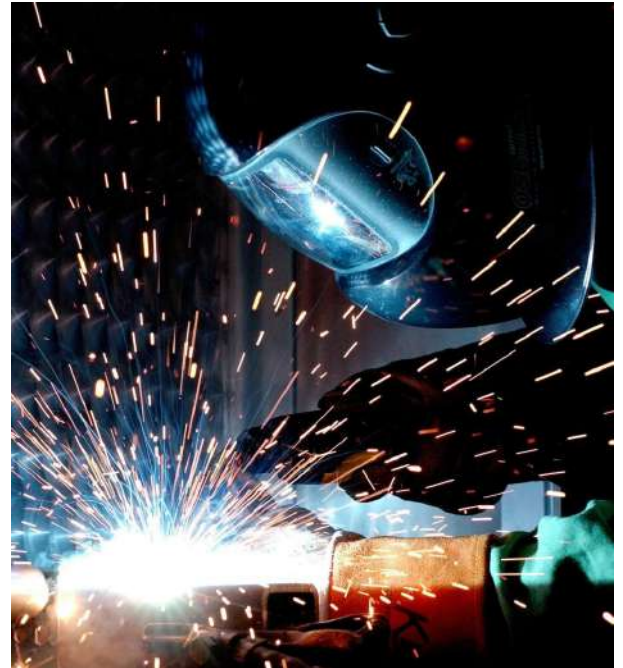

## TITUS GLOBAL TECH: REDEFINING EXCELLENCE IN PROJECT MANAGEMENT, QUALITY AND CLIENT SUPPORT

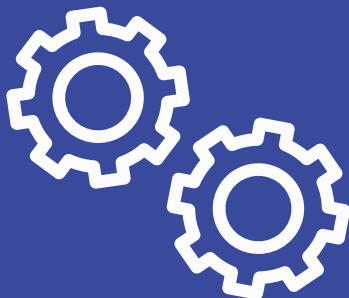

Welcome to Titus Global Tech, where project management transcends mere execution to become a blend of precision, expertise, and strategic brilliance.

With a methodology so refined that it seamlessly integrates with your business goals, ensuring every project is a testament to precise execution and timely delivery.

At Titus Global Tech, we base our Project Management Methodology on PRINCE2, the globally acclaimed standard that encapsulates the essence of professional project management.

**ELEVATE YOUR  
BUSINESS  
WITH MASTERFUL  
PROJECT  
MANAGEMENT**

PRINCE2 is not just a method—it is a philosophy that defines the processes, techniques, and rigor associated with the art and science of project management.

With PRINCE2 at our core, we orchestrate each project with a meticulous attention to detail and an unwavering commitment to excellence.

This robust framework empowers us to navigate complexities with ease, delivering projects on time, within scope, and exceeding expectations.

When you partner with Titus Global Tech, you align with a powerhouse of project management that ensures your visions are brought to life with unparalleled precision and efficiency.

# UNCOMPROMISING QUALITY: THE TITUS GOLD STANDARD

Our commitment to quality is so profound that it permeates every facet of our operations, from conception to delivery. At Titus Global Tech, our Quality Objective is more than a goal—it is a creed.

We are steadfast in our mission to deliver uncompromising quality, on time, and with an exceptional focus on customer satisfaction.

This unwavering dedication is the cornerstone of our corporate philosophy, which revolves around nurturing and prioritizing our core pillars: Customers, Staff, Partners, and Suppliers.

Every member of the Titus Global Tech family, from management to front-line support personnel, embodies this philosophy.

Our management and technical teams are relentless in ensuring that this quality policy is deeply ingrained and executed across all levels of our organization.

We maintain and continuously enhance our quality management system, setting the stage for products and services that not only meet but consistently exceed the highest industry standards.

At Titus Global Tech, quality is not a checkbox; it is a commitment that drives us to excellence and innovation, propelling your business to new heights.

# SUPPORT PHILOSOPHY: BUILDING RELATIONSHIPS ON A FOUNDATION OF TRUST

Titus Global Tech's support system is so integrated with your success that it transforms your experience into a journey of collaboration and empowerment. At Titus Global Tech, we believe that the most effective support arises from open and collaborative relationships with our clients. We are not just service providers—we are partners invested in your success.

Our support philosophy is built on transparency, communication, and mutual respect.

We ensure that our clients have a comprehensive understanding of the solutions and services we offer, coupled with the methodologies we employ.

This commitment to clarity and openness fosters a deep sense of trust and confidence in our capabilities.

To uphold the highest standards of quality, we initiate each engagement with a preliminary phase designed to develop detailed operational guidelines.

These guidelines become the backbone of our code of conduct, rigorously followed by all personnel in every interaction.

This structured approach guarantees that our services consistently meet and often exceed our clients' expectations. It creates a seamless and trustworthy partnership, where transparency and accountability are the hallmarks of our interactions.

At Titus Global Tech, support is not an afterthought—it is an integral part of our commitment to your success, ensuring that you have the guidance and clarity needed to thrive in an ever-evolving business landscape.
